Effective Decision Making (Half Day Training Session)*

**Additional cost for Decision Style Profile (DSP) assessment. Assessment must be completed by participants two weeks prior to training session.*

Do you want to make better decisions? This course will teach you five different methods of decision making depending on the amount of information you have and level of commitment needed from others when implementing a decision. You will also learn about different biases that impair decision making and ways to mitigate them.

Objectives:

- **Explore different approaches to decision making and use the Decision Style Profile to understand the most effective decision-making style for different situations.**
- **Assess current effectiveness and confidence with decision making, focusing on clarity, Information, Commitment, Alignment, and Time.**
- **Understand how unconscious biases affect decision making and learn how to overcome them.**
- **Apply learning to a current work challenge that requires deliberate decision making.**
- **Create an action plan for making decisions more effectively.**

Enhancing Emotional Intelligence (Half Day Training Session)*

**Additional cost for MBTI assessment. Assessment must be completed by participants two weeks prior to training session.*

Why should you care about your emotional intelligence? Your emotional quotient (EQ) affects your performance, relationships, happiness and well-being, ability to handle stress, and how much money you make. According to TalentSmart, Inc. "People with high EQ earn \$29,000 more annually than their low EQ counterparts." EQ involves four skills: self-awareness, self-management, social awareness, and relationship management, which can be continually developed and improved. During this training session you will learn and assess your ability in each of the four EQ skills. You will also develop strategies to enhance your emotional intelligence.

Objectives:

- Learn the intrapersonal and interpersonal elements of emotional intelligence.
- Learn the four elements of emotional intelligence: self-awareness, self-management, social awareness, and relationship management and engage in exercises to increase awareness in each of these areas.
- Learn how to utilize Myers-Briggs type to perceive and respond to emotions more effectively.
- Develop strategies for enhancing emotional intelligence.

Myers-Briggs Type Indicator (Half Day Training Session)*

**Additional cost for MBTI Step II assessment. Assessment must be completed by participants two weeks prior to training session.*

Do you want to better understand yourself and others? This course will teach you about different personality types and how they relate to performance, team dynamics, and communication. You will learn your preferred energy source, way of taking in information, decision making focus, and how you appear to others. You will also learn how to interact with different personality types more effectively.

Objectives:

- **Understand Myers-Briggs Type Indicator® (MBTI®) Step II personality type and its relationship to performance, team dynamics, and communication.**
- **Learn and understand the four dichotomies for the MBTI: introversion/extraversion, sensing/intuition, thinking/feeling and judging/perceiving.**
- **Learn how to interact and communicate more effectively with the different personality types and temperaments.**
- **Create an action plan for utilizing preferences to improve teamwork and communication.**

Leading Change and Managing Transitions (Half Day Training Session)*

**Additional cost for Change Style Indicator assessment. Assessment must be completed by participants two weeks prior to training session.*

Change is hard because it takes energy, effort, and involves uncertainty and losses. This course will teach you the difference between change and transitions. You will learn how to implement changes successfully, so they become cemented going forward.

Objectives:

- Understand the difference between leading change and managing transitions.
- Identify personal tolerance for change using the Change Style Indicator® Assessment.
- Learn change leadership strategies and involvement tactics to gain buy-in and support.
- Learn the three zones of transitioning through change and their associated characteristics.
- Learn strategies for navigating effectively through each of the three zones of transition and addressing employee concerns at each stage.
- Create an action plan for implementing a real organizational change that includes communicating changes to employees, helping employees buy-in to changes and deal with changes more effectively.
